Re: Traffic Control Plan – Park Morton Redevelopment

The Community Builders, Inc., the development partner for the Park Morton Redevelopment team, presented the Traffic Control Plans to ANC 1A during our October 2021 Zoning, Planning, and Parks Committee Meeting. The Commission understands that pedestrian access to the south side sidewalk of the 600 block of Park Road will change during the demolition and again during the construction of the Multifamily building of Phase 1 redevelopment. A covered pedestrian walkway will need to be added following the demolition stage and this walkway will be in the roadway of Park Road. As a result, parking spaces will be temporarily removed in the 600 block of Park Road just off Georgia Avenue.

ANC 1A understands the necessity of these changes to provide safe access during construction and supports the plans as presented. Please also understand that the ANC is working with DDOT, specifically Aaron Goldbeck, *Bicycle Program Specialist*, on permanent changes to the 600 and 500 blocks of Park Road which may impact this traffic control plan. DDOT must ensure that these two projects are coordinated.

Thank you,

A handwritten signature in blue ink, appearing to read 'M. Wray'.

Michael Wray
Chair, ANC 1A
Commissioner 1A09
